F Read Lisa's email and write a reply. Use the present perfect.

Hey there! I have been here for a week and so far everything has been great. I did not write to you earlier because I have been very busy. I have learned so many things here about wildlife. This week, we learned how to raft as well as take care of baby animals that have lost their mother. Can you believe it?

How is it going at your camp?

See you soon!

Lisa

Hi there, Lisa!

It is great to hear from you. Tell me more about what you have learned about baby animals! Well, I have just come back from camp. This camp is the greatest I have ever attended. We learned a lot about plants, soil and birds. The forest ranger showed us different kinds of bird's nests. I was so amazed as I had never seen a bird's nest before.

I have attached some pictures here. Have a look!
